

## Community Service Volunteer Program

Volunteers are important to the success of every youth sports program. That is why Pike Youth Sports is looking for dedicated **adults** and **high school students** who would like to serve their community. The Pike Youth Sports Community Service Program provides volunteers with opportunities to assist with events that involve the Pike Youth Basketball League...Girls Division and Boys Division, the Pike Youth Football League, the Jr. Red Devils travel football team and the Pike Township Youth Cheerleader Program.

Volunteers can help in the following areas: league management, team management, logistics, electronic scoreboard operator, game day announcements, concessions stand, promotions, marketing, website updates, game day set up, game day break down, field supervisor, gym supervisor, equipment inventory and other areas. Service hours will be tracked and a proof of service letter will be provided for individual volunteers upon request.

You are invited to become a registered Pike Youth Sports volunteer. Students and adults can register for FREE at <http://www.pikeyouthsports.com>. School discipline reports will help determine final approval for all student applicants. Please be advised that all adults must complete a security background check by going to the following on-line link <https://opportunities.averity.com/PikeYouthSports>. The cost is \$18.95 per applicant. This must be done even if you already have one through your employer. The only exception is if you are an employee of the MSD of Pike Township. We look forward to working with you as a Pike Youth Sports Volunteer.

**Youth Football League and Cheerleader Game Dates:** Games start in August and end with all-star tournaments the first week of November.

**Youth Basketball League Game Dates:** Games start in November and end in late January

Sincerely,

Derrick Wilkerson  
Youth League Coordinator
